

HVIA NATIONAL APPRENTICE CHALLENGE

Theory Exam

Selection of apprentices to represent their region will be by an examination set by the Competition Organiser. The exam will be held simultaneously in all regions at TAFE or other education facilities. The exam will be an online multiple-choice test that will be taken by all nominees. **The exam may only be taken under supervision.**

All nominees will be provided with the time and location of the exam. A password will be required to access the exam and will be provided at the appointed commencement time. All exam results will be evaluated by the Competition Organiser. Judges decisions are final and no further discussion or correspondence will be considered.

In the case of a nominee being unable to attend the exam there will be no repetition of the exam.

The regional representatives will be the two highest marked eligible apprentices in the exam from that region. Should a tie occur the representatives will be selected by a further test to be taken at a time and place to be nominated by the Competition Organisers.

In the event of an apprentice not being able to participate in the final or not being willing to participate in the final, that place in the regional team will be awarded to the next highest result in the exam.

Any regional representative who is no longer employed by the nominating employer in the nominated trade will not be eligible to take part in the Competition.
